UK and Ireland Circumnavigator's Guide Sam Steele 2011-03-15 "The new circumnavigation bible" - Geoff Holt (the first disabled sailor to sail around Britain singlehandedly) A circumnavigation of the UK and Ireland is the perfect 'doorstep' challenge for sailors and motorboaters looking for an extended cruise which doesn't take them too far from family and responsibilities and allows them to keep in touch. It doesn't require extended time off work, or linguistic ability if things go wrong - and the coastline is beautiful! This book is a practical guide and Sam gives advice on planning and preparation: when to leave, whether to go clockwise or

anti, what charts are needed, how much it is likely to cost, possible routes (via canals or 'the long way'), what stores and equipment are needed, likely pitfalls en route, and what types of running maintenance might be required. For the second edition she has added a '10 of the best' section detailing 'unmissable' places in a range of categories from remote bays and beautiful rivers to historic locations and anchorages. UK and Ireland Circumnavigator's Guide is perfect for all those sailors and motorboaters planning as well as dreaming of one day circumnavigating Britain's beautiful islands. 'A comprehensive guide to sailing (or motor boating) round Britain' Sailing Today- Highly Recommended Title

Feminism & Autobiography Tess Coslett 2002-01-04 Featuring essays by leading feminist scholars from a variety of disciplines, this key text explores the latest developments in autobiographical studies. The collection is structured around the inter-linked concepts of genre, inter-subjectivity and memory. Whilst exemplifying the very different levels of autobiographical activity going on in feminist studies, the contributions chart a movement from autobiography as genre to autobiography as cultural practice, and from the analysis of autobiographical texts to a preoccupation with autobiography as method.

Winter Solstice Rosamunde Pilcher 2011-04-01 In *Winter Solstice* Rosamunde Pilcher brings her readers into the lives of five very different people.... Elfrida Phipps, once of London's stage, moved to the English village of Dibton in hopes of making a new life for herself. Gradually she settled into the comfortable familiarity of village life -- shopkeepers knowing her tastes, neighbors calling her by name -- still she finds herself lonely. Oscar Blundell gave up his life as a musician in order to marry Gloria. They have a beautiful daughter, Francesca, and it is only because of their little girl that Oscar views his sacrificed career as worthwhile. Carrie returns from Austria at the end of an ill-fated affair with a married man to find her mother and aunt sharing a home and squabbling endlessly. With Christmas approaching, Carrie agrees to look after her aunt's awkward and quiet teenage daughter, Lucy, so that her mother might enjoy a romantic fling in America. Sam Howard is trying to pull his life back together after his wife has left him for another. He is without home and without roots, all he has is his job. Business takes him to northern Scotland, where he falls in love with the lush, craggy landscape and set his sights on a house. It is the strange rippling effects of a tragedy that will bring these five characters together in a large, neglected estate

house near the Scottish fishing town of Creagan. It is in this house, on the shortest day of the year, that the lives of five people will come together and be forever changed. Rosamunde Pilcher's long-awaited return to the page will warm the hearts of readers both old and new. Winter Solstice is a novel of love, loyalty and rebirth.

Devaluation and Pricing Decisions Douglas Hague 2022-02-11 First published in 1974, Devaluation and Pricing Decisions is based on case studies of the export pricing decisions made by nineteen major British companies after the 1967 devaluation. The aim was to look in detail at the decisions that major British firms took after devaluation and to see how they had responded to this major change in government policy. This book shows how far the firms had anticipated the devaluation; what company objectives were at that time and what changes in these objectives, or in pricing and marketing policies, were made to take advantage of new opportunities for exporting and for import substitution. The researchers also examined the actual process of decision making to find what information was available to the decision makers and how they used it. The book is directed to businessmen taking decisions on export prices and marketing in the world of today where foreign exchange rates change frequently. It is also directed towards those responsible for shaping national economic policy. For students of economics, it represents a study showing, in considerable detail, how a number of businesses responded to the 1967 devaluation.

Traffic-Free Cycle Trails Nick Cotton 2020-06-04 Traffic-Free Cycle Trails by Nick Cotton contains over 400 cycle routes in Great Britain. First published in 2004 and regularly updated ever since, it has become one of the country's most popular cycling books, and this fourth edition published in 2020 features a large number of updates and revisions. Traffic-Free Cycle Trails includes a great variety of routes on former railway paths, canal towpaths and forest trails in England, Scotland and Wales – and every ride is away from traffic. For that safe and peaceful bike ride, increasingly the target of families and leisure cyclists alike, Nick Cotton's guidebook has proven invaluable. Discover previously unknown local trails, plan fun rides for all the family, and travel to unfamiliar areas throughout the UK with quality routes. Presented in an easy-to-use format and packed with useful information in ten regional sections, it includes route descriptions of rides in every part of Britain. From novice riders looking to escape traffic to parents planning safe rides with children, let Traffic-Free Cycle Trails take the work out of finding the UK's best cycling routes.

Cases Decided in the Court of Session, and Also in the Justiciary and House of Lords 1907

Last of the Free James Hunter 2011-03-25 Written by award-winning Scottish historian James Hunter, this groundbreaking and definitive account reveals how the Highlands and Islands of Scotland have evolved from a centre of European significance to a Scottish outpost. Never before has the history of the region been recounted so comprehensively and in so much fascinating, often moving, detail. But this book is not simply the story of humanity's millennia-long involvement with one of the world's most spectacular localities. It is also a major contribution to present-day debate about how Scotland, and Britain, should be organised.
