**Handbook of Interpersonal
Communication** Mark L. Knapp 2002-10
The Third Edition of the Handbook of
Interpersonal Communication includes
eight new chapters and eleven revised from

the second edition. Following an introductory chapter, the volume is organized into four parts covering perspectives on inquiry in interpersonal communication, fundamental units of interpersonal communication, processes and functions, and interpersonal contexts. Features include: · Each chapter reviews and updates research in its respective area · Part II examines methodological issues in the field · Includes articles by top scholars in the field of Interpersonal Communication

Theoretical Schools and Circles in the Twentieth-Century Humanities Marina Grishakova 2015-04-10 Schools and circles have been a major force in twentieth-century intellectual movements. They fostered circulation of ideas within and between disciplines, thus altering the shape of intellectual inquiry. This volume offers a new perspective on theoretical schools in the humanities, both as generators of conceptual knowledge and as cultural phenomena. The structuralist, semiotic, phenomenological, and hermeneutical schools and circles have had a deep impact on various disciplines ranging from literary studies to philosophy, historiography, and sociology. The volume focuses on a set of loosely interrelated groups, with a strong literary, linguistic, and semiotic component, but extends to the fields of philosophy and history—the interdisciplinary conjunctions arising from a sense of conceptual kinship.

It includes chapters on unstudied or less studied groups, such as Tel Aviv School of poetics and semiotics or the research group Poetics and Hermeneutics. The volume presents a significant supplement to the standard historical accounts of literary, critical, and related theory in the twentieth century. It enhances and complicates our understanding of the twentieth-century intellectual and academic history by showing schools and circles in the state of germination, dialogue, controversy, or decline, in their respective historical and institutional settings, while reaching simultaneously beyond those dense settings to the new cultural and ideological situations of the twenty-first century.

Reframing Difference in Organizational Communication Studies Dennis K. Mumby 2011 Organizing Difference explores difference (the complex

intersections of discourses of gender, race, class, sexuality, and other markers of difference) as a communicative phenomenon. All of the scholars in this volume explore difference from a variety of perspectives, each of which systematically looks at the relationships among communication, organizing, and difference.

The Routledge Handbook of Research Methods in the Study of Religion Steven Engler 2021-11-30 This substantially revised second edition of *The Routledge Handbook of Research Methods in the Study of Religion* remains the only comprehensive survey in English of methods and methodology in the discipline. Designed for non-specialists and upper undergraduate-/graduate-level students, it discusses the range of methods currently available to stimulate interest in unfamiliar methods and enable students and scholars

to evaluate methodological issues in research. The Handbook comprises 39 chapters – 21 of which are new, and the rest revised for this edition. A total of 56 contributors from 10 countries cover a broad range of topics divided into three clear parts: • Methodology • Methods • Techniques The first section addresses general methodological issues: including comparison, research design, research ethics, intersectionality, and theorizing/analysis. The second addresses specific methods: including advanced computational methods, autoethnography, computational text analysis, digital ethnography, discourse analysis, experiments, field research, grounded theory, interviewing, reading images, surveys, and videography. The final section addresses specific techniques: including coding, focus groups, photo elicitation, and survey experiments. Each chapter covers

practical issues and challenges, theoretical bases, and their use in the study of religion/s, illustrated by case studies. The Routledge Handbook of Research Methods in the Study of Religion is essential reading for students and researchers in the study of religion/s, as well as for those in related disciplines.

The Routledge Handbook of Research Methods in Applied Linguistics Jim McKinley 2019-12-20 The Routledge Handbook of Research Methods in Applied Linguistics provides a critical survey of the methodological concepts, designs, instruments and types of analysis that are used within the broad field of applied linguistics. With more than 40 chapters written by leading and emerging scholars, this book problematizes and theorizes applied linguistics research, incorporating numerous multifaceted methodological

considerations and pointing to the future of good practice in research. Topics covered include: key concepts and constructs in research methodology, such as sampling strategies and mixed methods research; research designs such as experimental research, case study research, and action research; data collection methods, from questionnaires and interviews to think-aloud protocols and data elicitation tasks; data analysis methods, such as use of R, inferential statistical analysis, and qualitative content analysis; current considerations in applied linguistics research, such as a need for transparency and greater incorporation of multilingualism in research; and recent innovations in research methods related to multimodality, eye-tracking, and advances in quantitative methods. The Routledge Handbook of Research Methods in Applied Linguistics is key reading for both

experienced and novice researchers in Applied Linguistics as well as anyone undertaking study in this area.

A Commentary on the Holy Bible
Matthew Poole 1969

From Family to Police Force Farhana Ibrahim 2021-11-15 *From Family to Police Force* illuminates the production and contestation of social, familial, and national order on a South Asian borderland. In the borderland that divides Kutch, a district in the western Indian state of Gujarat, from

Sindh, a southern province in Pakistan, there are many forces at work: civil and border police, the air wing of the armed forces, paramilitary forces, and various intelligence agencies that depute officers to the region. These groups are the major actors in the field of security and policing. Farhana Ibrahim offers a bird's-eye view of these groups, drawing on long-standing anthropological engagement with the region. She observes policing on multiple levels, showing in detail that the nation-state is only one of the scales at which policing is enacted at a borderland. Ibrahim draws on multiple sources and forms of policing structure to illuminate everyday interaction on the personal scale, bringing families and individuals into the broader picture. From Family to Police Force looks beyond the obvious sites, sources, and modes of policing to show the distinctions between the act of policing and the

institution of the police.

The Japanese Professor Gregory Scott Poole 2010 This monograph is a substantial contribution to our knowledge of the internal workings of a Japanese university, focussing on the world view of the professor. In this anthropological case study of a private university in urban Tokyo conducted through extended participant observation, Gregory Poole, at once both an insider and outsider, tells an ethnographic story that explicates a professoriate's working world. The author addresses one basic problem--how do Japanese professors configure their working world? In answering this research question, he

demonstrates how the present climate of competition and restructuring means that faculty members in Japan are faced with the challenge of culturally translating largely western concepts of the university while steadfastly preserving their own local culture of higher education.

Poole's Textbook on Contract Law

Robert M. Merkin 2021 The book is simple to navigate, pulling all key case law together into one easy-to-use volume which students can work through systematically or use to reference specific cases. An introductory chapter provides valuable guidance on how to read and understand case law, developing essential academic and practical skills. Thought-provoking questions are posed throughout to develop an in-depth understanding of the subject through critical engagement.

Cohesion, Coherence and Temporal Reference from an Experimental Corpus Pragmatics Perspective Cristina Grisot 2018-10-06 This open access book provides new methodological and theoretical insights into temporal reference and its linguistic expression, from a cross-linguistic experimental corpus pragmatics approach. Verbal tenses, in general, and more specifically the categories of tense, grammatical and lexical aspect are treated as cohesion ties contributing to the temporal coherence of a discourse, as well as to the cognitive temporal coherence of the mental representations built in the language comprehension process. As such,

Downloaded from blog.thistle.com on October 6, 2022 by guest

it investigates the phenomenon of temporal reference at the interface between corpus linguistics, theoretical linguistics and pragmatics, experimental pragmatics, psycholinguistics, natural language processing and machine translation.

Social Play in Primates Euclid Smith
2012-12-02 *Social Play in Primates* provides comprehensive discussions on the social aspect of play in the behavior of primates. It also presents various approaches in understanding the complex behavioral phenomenon of play. Composed of 11 chapters, the book starts by discussing the historical background of play. It also traces

the development of the interest in the study of play from the writings of Aristotle, through educational reformers of the 17th and 18th centuries, to the psychologists of the 19th and early 20th centuries. The book then presents important data on the effects of gonadectomy on social play in group-living rhesus monkeys. It also presents a comparative study about the play behavior of three of the four great ape species. Furthermore, it offers a view of the function of play in primate society. Finally, the book examines play in young humans by citing some significant information on the nature of peer- vs. adult-oriented early social experience. The book concludes by presenting both the theoretical and methodological aspects on the study of play.

Dirty Poole Wakefield Poole 2011
Filmmaker Poole wrote the rules for living

on the edge with no safety net and no apologies. How he, as a respected Broadway dancer, choreographer, and director became the infamous creator of beautiful, wildly successful gay porn is just part of the gripping story of life in the worlds of theater and porn, the perils and joys of success, the horrors of drug addiction, and the resilient spirit of a man who continually re-invented himself and survived it all.

Ships of the Royal Navy J.J. Colledge 2010-02-28 The essential historical reference on British warships—fully revised. “Right at the top of the ‘must have’ list . . . A book which will get much use ” (Royal Navy and Maritime Book Reviews). This is the fourth fully revised edition of a

book first published in 1970. This longevity is testimony to its enduring value as a reference work—indeed, “Colledge,” as the book is universally known, is still the first stop for anyone wanting more information on any British warship from the fifteenth century to the present day when only the name is known. Each entry gives concise details of dimensions, armament, and service dates, and its alphabetical and chronological arrangement makes it easy to track down the right ship—otherwise the Royal Navy’s tradition of reusing the same names can be misleading. When originally published, the second of the two volumes was devoted to minor fighting ships and hired and requisitioned vessels. For the third edition, published in one volume, this material was omitted, but for this edition, all the genuine fighting ships—like the numbered Coastal Forces craft—have been restored, resulting in a convenient but

comprehensive single-volume listing of all significant vessels. Since the death of Jim Colledge, who was widely respected for his pioneering research on the technical details of warships, his magnum opus has been updated, corrected, and expanded with similar enthusiasm and attention to detail by Ben Warlow, a retired naval officer and author of a number of books in the field. “An amazing and immensely valuable work of dedicated and persistent research.”

The Literary Monster on Film Abigail

Burnham Bloom 2014-01-10 Many monsters in Victorian British novels were intimately connected with the protagonists, and representative of both the personal failings of a character and the failings of the society in which he or she lived. By contrast, more recent film adaptations of these novels depict the creatures as arbitrarily engaging in senseless violence, and suggest a modern fear of the uncontrollable. This work analyzes the dichotomy through examinations of Shelley's *Frankenstein*, Stoker's *Dracula*, H. Rider Haggard's *She*, Stevenson's *Strange Case of Dr. Jekyll and Mr. Hyde* and Wells's *The Island of Dr. Moreau*, and consideration of the 20th century film adaptations of the works.

The Last Limerick Jane Gillette 2010-05

Going home proves deadly for soap star Roger Ferris when he abandons New York and a plum television role for life as an academic in picturesque Belmont. When the cavalier actor is found stabbed to death in his luxurious condo, he leaves a string of prominent enemies, a host of suspects, and two perplexing questions. What prompted his hasty retreat from fame and fortune, and who paid for his extravagant art collection? "Jane Gillette's *The Last Limerick* is a tightly constructed crime novel that integrates plot and satire in its narrative about Midwestern professionals and artistic types who fall into sexual triangles (and other geometric shapes) with as much abandon as they go for each other's throats. Wheels within wheels mesh as perfectly as the inside of a Swiss watch as they turn out the story of why a highly popular TV actor suddenly quits his role to return to his hometown to teach college, a

deadly decision. If the author's logical plotting is exceeded by anything, it is her deft and creative use of metaphor and simile. The reader can almost feel her delight in capturing and puncturing the pretentiousness of her more self-important characters." - Roger Miller, author of Invisible Hero

Poole's Textbook on Contract Law

Robert Merkin 2019-05-23 A student classic: clear, comprehensive, contextual. Jill Poole's immensely popular Textbook on Contract Law has been guiding students through contract law for over 20 years. This new edition has been updated with the latest key legal developments by Professor Robert Merkin and Dr Severine Saintier. The law of contract is placed within its commercial context, and students are provided with a detailed yet accessible treatment of all the key areas of contract

law. Key features: - Each chapter begins with a summary of key issues, providing an overview of central themes and points of law, and concludes with suggestions for further reading, guiding students towards the most relevant texts and articles - Key points, illustrative examples and questions encourage a deeper understanding of the central facts and issues - Headings, case summaries and case extract boxes allow for easy navigation through the text Online resources: The study of contract law continues via the online resources, keeping you up to date and helping to consolidate your learning. - 300 multiple choice questions with answers and feedback - Self-test questions and answers - Guidance on answering problem questions in contract law - Updates on new legislation, cases, and other legal developments
