Sports History Martin Polley 2006-11-21 Why should we study the history of sport? What primary sources do sports historians use? How can you make your own sports history work more sophisticated and professional? If you are studying sport or history, and are looking for a deeper appreciation of the ideas and methods involved in the historical study of sport, then this book is essential reading. Through themed chapters, Martin Polley explores: - The nature of sports history. - The importance of the past in contemporary sport. - The types of primary evidence that sports historians use. With numerous practical exercises designed to bring sports history to life, a glossary and extensive guidance to further resources, this indispensable book will enhance your understanding and enjoyment of sports history.

The Protestant Ethic and the Spirit of Sport Steven J. Overman 2011 Steven Overman explores the concordant values of the Protestant ethic, capitalism, and sport by applying German scholar Max Weber's seminal thesis. Weber demonstrated a relationship between the Protestant ethic and a form of economic behavior he labeled the "Spirit of capitalism." The work introduces readers to the doctrines and values experience, focusing on the framing of work and play in light of an intense unease with human pleasure and idleness. The United States is portrayed as the quintessential Protestant ethic society. The Protestant Ethic and the Spirit of Sport proposes "seven Protestant virtues" built upon rational asceticism and the work ethic that comprise the Protestant ethic. The spirit of capitalism is presented as a derivative of this ethic and a major force in shaping American institutions, notable organized sport. The second part of the book discusses the spirit of American sport as it is manifested in values the author identifies as the American sport ethic: seven constructs that correspond to the seven Protestant "virtues." Each of these constructs, e.g., achieved status, competitiveness, is examined as it has influenced organized sport. The discussion encompasses youth sport, college sport, professional sport, and American influence on the modern Olympics. The book then analyzes sport as a form of consumer capitalism.

Water-based Tourism, Sport, Leisure, and Recreation Experiences Gayle Jennings 2007 Offers a unique insight into these growing areas of the tourism industry looking at their interaction, market profiles, advantages and their effects on the environment. Gayle Jennings, Griffith University, Australia.

Social Issues in Sport Ron Woods 2020-12-11 Social Issues in Sport, Fourth Edition With HKPropel Access, introduces students to the study of sport as a social phenomenon. It explores current trends in sport and examines complex connections between sport and politics, economics, religion, race, gender, youth, and more. Author Ronald Woods draws on his experience of more than 40 years as a professor, coach, and sport administrator to explore modern sport from historical and cultural perspectives. New coauthor B. Nalani Butler offers a fresh perspective to the study of sport from an emerging generation of Black female scholars. She draws on her background as an athlete and professor, and leverages her international experience from working with the Center for Sport, Peace and Society and the International Olympic Academy (IOA). The text's presentation style, full-color design, and ample learning tools are designed to keep students engaged. Social Issues in Sport, Fourth Edition, addresses the Common Professional Component topics outlined by the Commission on Sport Management Accreditation (COSMA). The text remains grounded in practical application and provides opportunities for students to examine real-world issues through the lens of social theory. The fourth edition also features the following enhancements: Online learning tools delivered through HKPropel: case studies on current events, video lectures, and essay and multiple-choice questions to support applied learning and encourage critical thinking Increased emphasis on emerging issues such as sport wagering, the use of social protest by athletes, sexual harassment of or by athletes, and sport safety Discussions on the rise in popularity of esports and on the exploding influence of social media on athletes, spectators, and fans Updated sidebars that address current topics such as the effect of the COVID-19 pandemic on sport,

offering a contemporary context to which students can apply the concepts in the text *Social Issues in Sport*, Fourth Edition, is streamlined into three parts, maintaining an accessible and student-friendly format that aligns with a 16-week semester. Part I sets the stage for studying sport from a sociological perspective by defining key terms and presenting crucial social theories. This section examines participation in sport, from spectators to performers, and explores sport economics through sport management, sport marketing, and sport media. Part II discusses sport institutions at all levels, from youth sport to Olympic competition. Part III is devoted to current issues and critically analyzes the effects of gender, race, economic status, religion, and government on sport. It also offers a detailed look at both ethics and deviance in sport. *Social Issues in Sport*, Fourth Edition, provides the foundations for critically examining the multifaceted roles of sport and physical activity in society. The information and activities offered by the text invite students to evaluate the sociocultural issues intertwined with sport and relate these themes to their own lives. Through this in-depth examination of sociocultural issues, students will be able to understand and appreciate the development of sport as a part and reflection of our society. Note: A code for accessing HKPropel is not included with this ebook but may be purchased separately.

Based on years of experience in the hiring process, this book reflects research conducted with over one thousand recreation and leisure services practitioners involved in the job search process. The book includes their advice as well as secrets to success.

Sport's Relationship with Other Leisure Industries Dion Georgiou 2017-01-12 This innovative and timely volume of essays critically interrogates the shared histories between sport and a variety of leisure, entertainment and cultural pursuits. *Sport's Relationship with Other Leisure Industries: Historical Perspectives* spans the bowling greens of early modern England to the postmodern exhibition halls of contemporary Las Vegas, and considers examples from Europe, North America and India. Utilizing a range of historical methods and sources, they describe how sport has interacted with a broad range of leisure forms, including tourism, shopping, theatre, circus, carnival and film. The collection takes into account the economic, cultural, geographic and political interactions sport has forged and poses a series of questions: about how sport has been forged in contemporary consumer capitalism; about the manner in which it has been shaped by space and place; and the ways in which entrepreneurs, sportspeople and artists have represented sporting competition. The collection will help both students and scholars conceptualise sporting networks, and will be of interest to those working in multiple fields. This book was previously published as a special issue of *Sport in History*.

Leisure and Class in Victorian England Peter Bailey 2014-01-14 First published in 2006. Part of the *Studies in Social History* series, this volume looks at leisure and class in Victorian England, 1830-85, including topics of popular recreation,

middle class and working class differences and rational recreation for the masses and the case of Victorian Music Halls in the entertainment industry.

Sport, Leisure and Ergonomics Greg Atkinson 2013-09-13 The field of sports ergonomics is now recognised as an interdisciplinary area in its own right. This book forms the proceedings of the 3rd International Conference on Sport, Leisure and Ergonomics, providing a particular focus on disabled athletes, health and fitness educations and sports equipment.

Sport, Leisure and Social Relations (RLE Sports Studies) John Horne 2014-04-24 When this book was first published the study of sport had been largely neglected by sociologists. The contributions to this volume bring the sports field, the leisure centre and everyday leisure activities to a more central position within the sociological enterprise. Whether amateur or professional, sport contributes to wider relations of power, privilege and domination and this debate represents an important phase in the sociology of sport and leisure.

Community-based Rehabilitation World Health Organization 2010 Volume numbers determined from Scope of the guidelines, p. 12-13.

The Geography of Sport and Leisure Sue Warn 2003 This new EPICS title covers 'Geography of Sport and Leisure', the most popular option of the Edexcel B Advanced GCE specification, the leading AS and A level specification.

Sport Policy and Governance Neil King 2009-04-09 *Sport Policy and Governance: Local Perspectives* is the first detailed study of the politics of sport policy at the local authority level of governance. In focusing on the local level, the book recognises that the extent to which we benefit from public policy is a result of where we live. Taking the city of Liverpool as its core case study, the author investigates the changing contours of sport policy from the inception of the service area in the 1970s through the economic and political turbulence of the 1980s to the year of European Capital of Culture 2008. As the book gives centre stage to the period since 1997, the changing parameters of local sport policy are located within New Labour priorities around elite sport development and the instrumental uses of sport to deliver social policy goals. Written in a clear and accessible style, this book: Traces the evolution of the relationship between central government policy priorities and local sport policy and practice. Provides a political analysis of sport policy that foregrounds competition between differing interests in a context of scarce resources. Explores relationships between local authority policy for sport and policy relating to education, health, land-use planning and community regeneration. Investigates the organisational and funding contexts in which sport policy actors formulate and implement policy. Assesses the strategies utilised by sport policy actors in pursuing their interests. Theorises contemporary sport policy processes and establishes parameters for future research. *Sport Policy and Governance: Local Perspectives* is essential reading for anyone who is studying or teaching sport-related degree programmes, researching public policy, or who is a practitioner or policy-maker in the sport sector.

Leisure, Sport and Working Class Cultures Hart Cantelon 1988 This book fires a shot at the theoretical bastions that this society has erected around the concepts

of "leisure" and "sport." The readings put the issue in a historical perspective to show that "sport" and "leisure" are part of and not separate from the control of the working class by capitalism.

Sports and Active Living during the Covid-19 Pandemic Solfrid Bratland-Sanda 2021-09-09

The Working Class in England 1875-1914 John Benson 2016-07-01 First published in 1985. Too often aspects of working-class life have been treated as distinct and separate. The contributors to this volume are aware of the dangers of such atomisation and have attempted to bring together a collection of studies which add to our knowledge of life in that time. The examinations of family, health, work, leisure and criminal trends form the basis of this work, and suggest that the everyday lives and values of the working-class were even more varied, creative and complex than is generally believed. This title will be of interest to students of history.

Routledge Handbook of the Philosophy of Sport Mike McNamee 2015-03-05 The Routledge Handbook of the Philosophy of Sport is a landmark publication in sport studies. It goes further than any book has before in tracing the contours of the discipline of the philosophy of sport and in surveying the core themes, approaches and theories that form its disciplinary fabric. The book explores the ways in which an understanding of philosophy can inform our understanding of important prevailing issues in sport. Edited by two of the most significant figures in the development of the philosophy of sport, Mike McNamee and Bill Morgan, and with contributions from many of the world's leading sport philosophers, this is an invaluable companion reference volume for any course in the social scientific study of sport, and an essential addition to the bookshelf of any serious scholar of the philosophy and/or ethics of sport.

Leisure, Health and Well-Being Zsuzsanna Benkő 2017-03-07 This book explores health and leisure as a holistic phenomenon with individual and social dimensions. Contributors to this edited volume explore the physical, mental, emotional, sexual and social aspects of health and leisure as well as the influence of moral and religious principles. The connections between the individual and the social structure, social integration, the social division of labor, and the natural environment are also analysed. The volume studies this relationship from a range of disciplinary backgrounds, including sociology, psychology, psychiatry, medical sciences, sport sciences, education, policy making, and from both national and international perspectives. As such, the collection will be of interest to scholars and students across a range of disciplines, including Leisure Studies, Health Studies, Health Promotion, Psychology and Mental Health, Sociology and Sport Studies.

Sport and Leisure in the Civilizing Process Eric Dunning 2016-07-27 How do figurational sociologists approach the subjects of sport and leisure? How does their approach differ from other approaches in the field? This major collection, edited by leading writers on sport and leisure, offers a superb introduction to the figurational sociology of sport and leisure. The distinctive features of the approach are clearly explained and contributors show how figurational sociology is applied in the analysis of concrete problems. However, the collection also gives

space to critics of the figurational approach. Included here are contributions which claim that the approach is inaccurate, blinkered and irrelevant.

Hospitality, Travel, and Tourism: Concepts, Methodologies, Tools, and Applications Management Association, Information Resources 2014-10-31 Over generations, human society has woven a rich tapestry of culture, art, architecture, and history, personified in artifacts, monuments, and landmarks arrayed across the globe. Individual communities are looking to exploit these local treasures for the benefit of the travelers who come to see them. *Hospitality, Travel, and Tourism: Concepts, Methodologies, Tools, and Applications* considers the effect of cultural heritage and destinations of interest on the global economy from the viewpoints of both visitor and host. This broadly-focused, multi-volume reference will provide unique insights for travelers, business leaders, sightseers, cultural preservationists, and others interested in the unique variety of human ingenuity and innovation around the world.

Race, Ethnicity, and Leisure Monika Stodolska 2013-09-04 *Race, Ethnicity, and Leisure: Perspectives on Research, Theory, and Practice* provides an overview of the current theories and practices related to minority leisure and reviews numerous issues related to these diverse groups' leisure, including needs and motivations, constraints, and discrimination. World-renowned researchers synthesize research on race and ethnicity, explain how demographics will affect leisure behavior in the 21st century, and explain the leisure behavior of minorities.

Sport and the Working Class in Modern Britain Richard Holt 1990

A Sport-Loving Society J A Mangan 2004-06-01 In a time of unprecedented political and economic transformation, the middle classes of Victorian and Edwardian England became principal players in a new social order. Nowhere did their culture, values and identity gain clearer expression than in their sports, and their influence is still felt in the way we organise, play and think of sport today. *A Sport-Loving Society* presents a selection of groundbreaking essays from the journals which have defined sport history over the past three decades. These essays explore the role of the social institutions and issues of the Victorian and Edwardian periods in shaping the sports of the English middle classes, including: education the emancipation of women religion culture and class diplomacy and war. Showcasing the work of prominent sport historians, this book demonstrates the value of sport as a vehicle for the study of wider social change.

Sport, Leisure and Social Relations (RLE Sports Studies) John Horne 2014-04-24 When this book was first published the study of sport had been largely neglected by sociologists. The contributions to this volume bring the sports field, the leisure centre and everyday leisure activities to a more central position within the sociological enterprise. Whether amateur or professional, sport contributes to wider relations of power, privilege and domination and this debate represents an

important phase in the sociology of sport and leisure.

International Aspects of Antitrust Laws United States. Congress. Senate. Committee on the Judiciary 1974

Sport, Leisure and Social Justice Jonathan Long 2017-05-08 Social inequalities are often reproduced in sport and leisure contexts. However, sport and leisure can be sites of resistance as well as oppression; they can be repressive or promote positive social change. This challenging and important book brings together contemporary cases examining different dimensions of inequality in sport and leisure, ranging from race and ethnicity to gender, sexual orientation,

disability, religion and class. Presenting research-based strategies in support of social justice, this book places the experiences of disadvantaged communities centre stage. It addresses issues affecting participation, inclusion and engagement in sport, while discussing the challenges faced by specific groups such as Muslim women and LGBT young people. Including original theoretical and methodological insights, it argues that the experiences of these marginalised groups can shed a light on the political struggles taking place over the significance of sport and leisure in society today. *Sport, Leisure and Social Justice* is fascinating reading for students and academics with an interest in sport and politics, sport and social problems, gender studies, race and ethnicity studies, or the sociology of sport.
