English Made Easy Subhash Jain 2019-01-01 About the book ENGLISH MADE EASY introduces basic concepts of grammar in a format which inspires the reader to use linguistic arguments. The target audience for the book is school students; covering the introductory syntax level and going through to more advanced college level material. For this reason; the book starts from the beginning and tries to make as few pictures as possible about linguistic notions. A student pursuing an academic course can easily comprehend the next and grasp the ideas if he is equipped with a good knowledge of language; and fare better in the examination.

After 1851 Kate Nichols 2017-02-02 Echoing Joseph Paxton's question at the close of the Great Exhibition, 'What is to become of the Crystal Palace?', this interdisciplinary essay collection argues that there is considerable potential in studying this unique architectural and art-historical document after 1851, when it was rebuilt in the South London suburb of Sydenham. It brings together research on objects, materials and subjects as diverse as those represented under the glass roof of the Sydenham Palace itself; from the Venus de Milo to Sheffield steel, souvenir 'peep eggs' to war memorials, portrait busts to imperial pageants, tropical plants to cartoons made by artists on the spot, copies of paintings from ancient caves in India to 1950s film. Essays do not simply catalogue and collect this eclectic congregation, but provide new ways for assessing the significance of the Sydenham Crystal Palace for both nineteenth- and twentieth-century studies. The volume will be of particular interest to researchers and students of British cultural history, museum studies, and art history.
