**Island Songs** Alex Wheatle 2012-10-01 'Alex Wheatle writes from a place of honesty and passion with the full knowledge and understanding that change can only happen through words and actions.' Steve McQueen. Alex Wheatle's life is the basis for an episode of McQueen's Small Axe airing November 2020. 'Grabs your heart, not with pity but wonder that such beauty can come from such a life' The Independent 'She wondered what kind of world she had brought her two daughters into – the tedious cycle of rural Jamaican life. No chance for them to set off upon adventures and see the outside world.' But sisters Jenny and Hortense Rodney, descendants of the fierce Maroon people, do get to see the outside world, and Island Songs is their story. Growing up in rural Claremont, working amid the hustle and bustle, lawn parties and 'houses of joy' in Trenchtown, the two sisters take a chance and move to England with their husbands, that far-off land of riches, where they settle down to motherhood among the jazz cafés and bleak streets of Brixton. A hauntingly beautifully written evocation of twentieth-century Jamaica, its history and traditions, Island Songs is an epic of love, laughter and sorely tested family loyalties. Many stories are told, but many more secrets are never revealed.

The villagers in Vietnam called her con-lai, or "half-breed," because her father was an American GI. And she doesn't fit in with her adoptive family in California, either. But when Tracy and a friend discover a soldier's dogtag hidden among her father's things, it sets her past and her present on a collision course. Where should her broken heart come to rest? In a time and place she remembers only in her dreams? Or among the people she now calls family? Lulu and Milagro's Search for Clarity Angela Velez 2022-02-08 Booksmart meets Never Have I Ever in this Latinx road trip adventure—a big-hearted, voice-driven YA about two sisters who couldn't be more different, but become begrudging partners on their school's cross-country college trip—from debut author Angela Velez. Perfect for fans of Lilliam Rivera, Jenny Han, and Sandhya Menon. Overachiever Luz "Lulu" Zavala has straight As, perfect attendance, and a solid ten-year plan. First up: nail her interview for a dream internship at Stanford, the last stop on her school's cross-country college road trip. The only flaw in her plan is Clara, her oldest sister, who went off to college and sparked a massive fight with their overprotective Peruvian mom, who is now convinced that out-of-state-college will destroy their family. If Lulu can't fix whatever went wrong between them, the whole trip—and her future—will be a waste. Middle sister Milagro wants nothing to do with college or a nerdy class field trip. Then a spot opens up on the trip just as her own spring break plans (Operation Don't Die a Virgin) are thwarted, and she hops on the bus with her glittery lipsticks, more concerned about getting back at

her ex than she is about schools or any family drama. But the trip opens her eyes about possibilities she'd never imagined for herself. Maybe she is more than the boy-crazy girl everyone seems to think she is. On a journey from Baltimore all the way to San Francisco, Lulu and Milagro will become begrudging partners as they unpack weighty family expectations, uncover Clara's secrets, and maybe even discover the true meaning of sisterhood.

**Everybody Had an Ocean** William McKeen 2017-04-01 Los Angeles in the 1960s gave the world some of the greatest music in rock 'n' roll history: "California Dreamin'" by the Mamas and the Papas, "Mr. Tambourine Man" by the Byrds, and "Good Vibrations" by the Beach Boys, a song that magnificently summarized the joy and beauty of the era in three-and-a-half minutes. But there was a dark flip side to the fun fun fun of the music, a nexus between naïve young musicians and the fringe elements that exploited the decade's peace-love-and-flowers ethos, all fueled by sex, drugs, and overnight success. One surf music superstar unwittingly subsidized the kidnapping of Frank Sinatra Jr. The transplanted Texas singer Bobby Fuller might have been murdered by the Mob

in what is still an unsolved case. And after hearing Charlie Manson sing, Neil Young recommended him to the president of Warner Bros. Records. Manson's ultimate rejection by the music industry likely led to the infamous murders that shocked a nation. Everybody Had an Ocean chronicles the migration of the rock 'n' roll business to Southern California and how the artists flourished there. The cast of characters is astonishing—Brian and Dennis Wilson of the Beach Boys, Jan and Dean, eccentric producer Phil Spector, Cass Elliot, Sam Cooke, Ike and Tina Turner, Joni Mitchell, and scores of others—and their stories form a modern epic of the battles between innocence and cynicism and joy and terror. You'll never hear that beautiful music in quite the same way.

Gendering the Memory of Work Maria Tamboukou 2016-07-07  
This book explores gendered aspects in the memory of work by looking at auto/biographical narratives and political writings of women workers in the garment industry. The author draws on cutting edge theoretical approaches and insights in memory studies, neo-materialism and discourse analysis, particularly looking at entanglements and intra-actions between places, bodies and objects. Tamboukou aims to enrich our appreciation of the role of women's labour history in the wider realm of cultural memory, as well as in the politics of women's work. The book addresses a significant gap in the literature by focusing on the memory of work from a gendered perspective. It also examines the relationship between workspaces and personal spaces: the intimate, intense and often

invisible ways through which workers occupy workspaces and populate them with their ideas, emotions, beliefs, habits and everyday practices. The book will be a theoretical and methodological toolbox for students and researchers in the interface of the social sciences and the humanities, as well as a vital resource in women's labour history. It will be particularly relevant for sociologists, cultural theorists, feminist scholars and social historians.

Awk-weird Avery Flynn 2019-10-14 There's more to me than just being awkward. I own my own flower shop, have some great friends, and I have my eye on adopting the most adorable kitten. But sadly, hot guys don't tend to be blown away by my trivia-spouting, dorky self. So when a Thor-lookalike who happens to be a professional hockey player hits on me at my bestie's wedding rehearsal party... You better believe I climbed that tree like a cat. And the fact that it happened not once, not twice, but three times? Yeah, that's pretty much a once-in-a-lifetime experience for a woman like me. There's zero chance I'll end up ever seeing him again...right? Until the pregnancy test comes up positive. What happens next? Oh my God, I wish I knew... Each book in the Ice Knights series is STANDALONE: \* Parental Guidance \* Awk-Weird \* Loud Mouth

**Where Words Get their Meaning** Marianna Bolognesi 2020-11-15 Words are not just labels for conceptual categories. Words construct conceptual categories, frame situations and influence behavior. Where do they get their meaning? This book describes how words acquire their meaning. The author argues that mechanisms based on associations, pattern detection, and feature matching processes explain how words acquire their meaning from experience and from language alike. Such mechanisms are summarized by the distributional hypothesis, a computational theory of meaning originally applied to word occurrences only, and hereby extended to extra-linguistic contexts. By arguing in favor of the cognitive foundations of the distributional hypothesis, which suggests that words that appear in similar contexts have similar meaning, this book offers a theoretical account for word meaning construction and extension in first and second language that bridges empirical findings from cognitive and computer sciences. Plain language and illustrations accompany the text, making this book accessible to a multidisciplinary academic audience.
