The Little Book of Oxfordshire Paul Sullivan
2012-01-31 Did you know? A trip to the Ashmolean for Alice Liddell and Charles Dodgson led to the latter, under his nom de plume Lewis Carroll, immortalizing both Liddell and himself (as a dodo) in the Alice books. A man was crushed beneath his own cart wheels in 1872, when his

horse reared after meeting an elephant on the road from Oxford to Eynsham. Despite Percy Bysshe Shelley being expelled from University College for writing the pamphlet 'The Necessity of Atheism', he is now its most celebrated alumnus. The Little Book of Oxfordshire is a funny, fact-packed compendium of the sort of frivolous, fantastic or simply strange information no one will want to be without. Here we find out about the most unusual crimes and punishments, eccentric inhabitants, and hundreds of interesting facts (plus some authentically bizarre bits of historical trivia). Combining essential details with little-known and entertaining information and quotations, this book is a highly engaging guide to where you are, what to look out for now you're here, and how on earth all this came to be.

In Cold Blood Truman Capote 2013-02-19

Selected by the Modern Library as one of the 100 best nonfiction books of all time From the Modern Library's new set of beautifully repackaged hardcover classics by Truman Capote—also available are *Breakfast at Tiffany's* and *Other Voices, Other Rooms* (in one volume), *Portraits and Observations*, and *The Complete Stories* Truman Capote's masterpiece, *In Cold Blood*, created a sensation when it was first published, serially, in *The New Yorker* in 1965. The intensively researched, atmospheric narrative of the lives of the Clutter family of Holcomb,

Kansas, and of the two men, Richard Eugene Hickock and Perry Edward Smith, who brutally killed them on the night of November 15, 1959, is the seminal work of the "new journalism." Perry Smith is one of the great dark characters of American literature, full of contradictory emotions. "I thought he was a very nice gentleman," he says of Herb Clutter. "Soft-spoken. I thought so right up to the moment I cut his throat." Told in chapters that alternate between the Clutter household and the approach of Smith and Hickock in their black Chevrolet, then between the investigation of the case and the killers' flight, Capote's account is so detailed that the reader comes to feel almost like a participant in the events.
